

# Shopping Guidelines

Over the years we have come up with guidelines to help your shopping experience to be the best it can be at Kid's Market and Mom. Here are just a few we would like you to follow:

- 1** We do not allow large purses or bags, we recommend a fanny pack or a clutch purse.
- 2** We also suggest a laundry basket with holes in it to put your items in while you shop. We don't have shopping carts.
- 3** On Preview Sale Days - no children allowed.
- 4** On the first day, Monday, of the Public Sale - no strollers are allowed.
- 5** If an item has no tag we cannot sell it. Therefore, we provide workers who will gladly take your tags off the items you wish to purchase at the time you are ready to checkout.
- 6** We will provide 'discard' racks for the items that you do not chose to purchase after you've removed them from the racks.
- 7** Last, but not least, we have been so blessed and there is plenty of items for everyone. We do ask your patience when checking out. We have made great strides to make sure that you are in and out in a timely manner.

**Thanks for shopping at Kid's Market and Mom. Your satisfaction is our goal. Word of mouth is our best advertisement.**
